

BIG COCK-CROWING CONTEST SET FOR 5 A. M. NEXT THURSDAY

Mark Granite, Proprietor of Newtown's Country Store, Offers \$100 Prize

EXPECT A BIG CROWD

Will Christen Winner "Roosevelt" With Water From Passamaquoddy Dam

By Staff Correspondent

NEWTOWN, Oct. 22.—Bucks County is a "wide-awake" county, but it will be wider awake than ever next Thursday at cock-crow.

And cock-crow on that particular morning is to be five o'clock. "What an unearthly time for a contest!" is the expression voiced by many a Bucks Countyman, but Mark Granite, who is running this particular contest, knows his roosters. He knows that a rooster-crowing contest, (and that is just what he is planning) that might be scheduled for tea-time or even in the evening, would be a complete "flop." And Mark Granite, Newtown's newest merchant, doesn't believe in "flops"; the reason—he plans all that he does far in advance, and plans it well.

Mark Granite, as all residents of Bucks County know by now, and as men and women in many parts of the United States also know, is the man who came into this county, purchased a farm at Rushland where he can live in comfort (but not ease, for Mark Granite doesn't know how to take his ease, he is too full of energy and new ideas); then proceeded to buy for himself a country store which he has furnished after the old-style country store of years gone by. Mark (that's what all his friends call him) had a

Mrs. Gottlieb Weger Dies After Very Short Illness

Mrs. Mary Weger, 77, wife of Gottlieb Weger, died early this morning at her home on Bath Road. She had been ill since Saturday with pneumonia.

The deceased is survived by two daughters, Mrs. Harry Patterson, Miss Caroline Weger, Bath Road; two sons, Joseph Weger, Bath Road, and Anthony Weger, Trenton, N. J.; three grandchildren and one sister, Mrs. Charles Lancaster, Emile Road.

Relatives and friends are invited to attend the funeral, Sunday at two p. m. Burial in Bristol Cemetery will be in charge of George Molden, funeral director.

P. T. A. Plans to Purchase Equipment for School

HULMEVILLE, Oct. 22.—With a total of 16 present last evening, the first session of the season for Hulmeville—Middletown Parent-Teachers Association was conducted in the school house. Seventeen new members were reported.

President, Mrs. John Worrall, was in charge. Minutes were presented by Mrs. Walter Hanns, and the treasurer's report read by Mrs. Earl Phipps. The sum of \$10 was presented to the association by Mrs. Worrall and Mrs. William Hill, proceeds from card parties conducted by these two members. A vote of thanks was extended to these women by the group.

A representative of a chair manufacturing company displayed folding chairs, and presented prices. Mrs. Phipps and Lynn Schatzler, principal of the school, were named as committee members to secure additional information on chairs. Mrs. Worrall and Mrs. Hill were appointed to purchase necessary equipment for the cafeteria.

Pupils in the room taught by Miss Ellis received the attendance banner. A total of 165 pupils are now attending the local school, it was stated.

The program of the evening included: Duet, Beatrice Worrall and Irene Hopkins; mandolin selections, Anna Harrison and Merle Schoenfeld; song, "Would You," Betty Webster, Lily Johnson, Wene Hopkins, Beatrice Worrall; piano solo, John Bunting; piano solo, Betty Webster.

Refreshments of ice cream and pretzels were enjoyed.

PAY LICENSE REFUND

HARRISBURG, Oct. 22.—Checks totaling \$1,894,416—representing overdue liquor license refunds—were on their way to Pennsylvania cities, boroughs and townships today.

Due in August, the payments were made possible through the sale of \$45,000,000 in tax and anticipation notes, \$1,000,000 of which was returned to the liquor license fund recently.

The \$1,000,000 re-payment raised the total amount in the fund to \$2,041,000, Treasury officials said. The payments were held up, it was pointed out, because of "raids" on the special fund for relief purposes.

Bristol receives \$350.00.

TIDES AT BRISTOL

Low water 2:29 a. m.; 2:36 p. m.

Miss Mildred Schafie Is Surprised Guest of Honor

A surprise birthday and Halloween party was given in honor of Miss Mildred Schafie, Cleveland street, last evening, by Miss Schafie's parents, to celebrate her 15th anniversary. The evening was spent playing games and dancing. A birthday cake graced the center of the table. Miss Schafie was the recipient of many gifts.

Those attending: the Misses Florence McBlaine, Anna Keers, Helen Harris, Margaret Johnson, Mildred Johnson, Anna Kasperski, Catherine Doyle, Theresa Elcenko, Rita Patterson, Jennie Fallon, Mary Crosson; Messrs. John Dougherty, Orle Moore, Chetworth VanAiken, John Spicer, Edward McGlynn, John Sweitzer, Russell Harris, James Fanini, Walter Lackewitz, Thomas Slater, Robert Harman, Joseph Williams, John Singer; Mrs. Morrison Keith, Mrs. James Cooper, Mrs. Joseph Williams, Mrs. M. Schafie and children, Nellie, Anna, Mary, Jack and William.

FAVORITE FOOD FOR WAR MACHINE IS OIL

Modern War Chariot Has The Motor Power Seven Times The Speed of Tanks

GUNS TO BE AUTOMATIC

(Note: This is the first of a series of six articles on the European war machine—1936 model, discussing the modern mechanized army, new war methods and tendencies, aerial warfare, espionage and war economics.)

By David Sentner

L. N. S. Staff Correspondent
(Copyright, 1936, by L. N. S.)

LONDON, Oct. 22.—(INS)—A gigantic, man-made steamroller of death is poised on the heights of militarism.

It is a monster of armored flanks, breathing fire, poison gas and bullets. It is ready to spit out liquid dynamite and shells larger than a man.

It no longer depends upon two legs or four but skims the battlefield at great speed flies untiringly over armies and cities; swims swiftly on and under the sea.

Its favorite food is—oil.

The modern war chariot, armed like a gunboat, has motor power seven times the speed of the clumsy tanks of the World War.

The rifleman of 1914 has been superseded by the fighting mechanic of 1936.

Automatic rifles take the place of clips of cartridges. New machine guns cascade pellets faster than you can spell out—d-e-a-t-h.

Armored cars? Armored motorcycles. Planes to transport troops. Planes to bomb the enemy with propaganda—or worse. Parachutes to drop armies. Speed. Movement. Disciplined money. Factories on the go. Solidarity of farm, fireside, steel hearth and battlefield. Modern war's a big business in death and destruction.

There are four vital new factors in the 1936 model of the European war machine:

1. Intensive mechanization.
2. The nation goes to war 100 per cent.
3. Quicker mobilization.
4. The phenomenal progress of the military aerial arm.

The most highly mechanized army may overcome mere numerical advantage of the enemy.

France, with its twenty to thirty million inferiority in population against Germany, is attempting to develop a military mechanical superiority. France believes if it can attain a ten per cent superiority in mobility it has less to fear from Germany, no matter how great Germany's masses of troops.

(France is also backstopping her inferiority in man power through military alliances with Russia, Poland and the Little Entente.)

The 1936 war machine being oiled

JUST A JOYRIDE --- BUT THE INNOCENT BYSTANDER PAYS THE FINE

The most expensive joy ride in history will end November 3rd. It has been a riotous three years for the riders—Messrs. Roosevelt, Tugwell, Farley and company, and now the people of America are paying and will continue to pay the fine, some 25 thousand million dollars.

In 1935, the installments amounted to \$69.98 a year in hidden taxes, alone, for every family. This compares with \$25.35 which we paid in 1932, an increase of more than 176 per cent in three years. Of course, this does not include Federal income, capital stock and excess profits taxes levied on corporations, or the Federal income, gift and estate taxes levied on individuals. Only these taxes, which are levied indirectly upon the individual, and which he pays in the prices of goods purchased, are included in the \$69.

President Roosevelt gives his fourth promise that there will be no new taxes—and assures us that the budget can be balanced with present taxes. This we already know, but we also know that it can only be balanced by cutting Government expenses. And, on cutting Government costs Mr. Roosevelt is noticeably silent.

Governor Landon knows how to deal with extravagance in administration, and when he promises an economical administration you know you can bank on his word.

YOUR DOLLAR WILL BUY MORE WITH LONDON AND KNOX

THE ROOSEVELT WAY

Here is what happened: In State after State, people have been required to register Democratic or secure Democratic endorsements before receiving relief or WPA jobs.

Philadelphia, Pa., March 14, 1936.

Dear Committeeman:

Contact all houses in your division and get the names of all men on relief, also all those holding W.P.A. jobs. Urge them to register Democrat on March 25, or else lose position.

Sincerely yours,

CHARLES McDONALD.

At least two Bucks County Republicans, Elmer Griffin, Doylestown, Pa., and James R. Kramer, Kellers Church, Pa., who had WPA jobs, had the courage to remain true to the principles of their party when they were asked to register Democratic, BUT THEY LOST THEIR JOBS.

In February, 1934, President Roosevelt promised a non-political relief administration. His own words were:

"We do want you to be absolutely hardboiled, if you find any local person within your own states who is trying to get political advantage out of the relief of human needs, and you will have the backing of this Administration 100%, even if you hit the biggest political boss on the head in carrying out this general program."

Did Mr. Roosevelt keep the above pledge? No, not any more than he kept his other 1932 campaign pledges and promises. Up to date, nobody has heard about Mr. Roosevelt hitting the biggest political boss on the head. No wonder. If he did, he might lose his National Chairman, James A. Farley.

ARE YOU GOING TO VOTE FOR THIS SYSTEM IN NOVEMBER?

TRUCK DRIVER HELD FOR ACTION OF GRAND JURY

N. C. Burrell, Chester, Accused of Operating Truck in Careless, Reckless, Negligent Way

TWO MEN WERE KILLED FOR HOSPITAL'S BENEFIT

The driver of the truck which ran into the rear of another vehicle, said to have been parked on Bristol Pike, Tullytown, early on the morning of September 24th, and which accident resulted in the death of two men, was held for the grand jury, yesterday afternoon, upon recommendation of a coroner's jury.

The man held is Norman C. Burrell, 25, 916 Madison street, Chester, driver of a truck of the Allcutt Trucking Company, Chester.

The men who were killed were Frank Mitchell, 33, Trenton, N. J., and John Harris, 18, Chester. Harris was Burrell's helper and Mitchell was the driver of a truck of the Shein Trucking Company, Trenton, N. J.

The inquest was conducted yesterday afternoon in the council chamber, Municipal Building, by Dr. A. Clayton Moyer, coroner of Bucks County, assisted by Dr. James P. Lawler, deputy coroner.

The jury consisted of Evan Vandegrift, foreman; William Sine, John Bruden, Edward Dougherty, Damon Jobson and John A. Schaefer.

The verdict of the jury attributed the men's death to an automobile accident due to the "careless, reckless and negligent" manner in which Burrell was operating his truck.

The witnesses were Corporal Evans, Highway Patrol, Oxford Valley station, who told of being summoned to the scene of the accident early on the morning of September 24th. He testified to the relative positions of the trucks as he saw them, how the dead men's bodies were located and exhibited five photographs taken, following the accident.

ANNOUNCE TIME TABLE FOR THE HORSE SHOW

Events Begin at 12 o'Clock Noon on Saturday and Sunday

FOR HOSPITAL'S BENEFIT

The time-table for the semi-annual horse show of Bristol Riding Club, to be held Saturday and Sunday next, has been announced. The events, staged for benefit of Harriman Hospital, will occur at the following times:

Saturday: 12 noon, ponies under 14.2; 12.15, saddle horses under 15.2; 12.35, suitable to become hunters; 12.50, walking class; 1.10, ladies' hunter; 1.35, five-gaited saddle horse; 1.55, scurry; 2.20, gentleman's saddle horse; 2.40, bare-back jumping; 3.05, pair saddle horses; 3.25, obedience class; 3.50, knock down and out; 4.15, fine harness; 4.30, open jumping; 4.45, pair of jumpers.

Sunday: 12, model hunter; 12.10, green hunter; 12.25, horsemanship for children; 12.40, hunters and jumpers, course A; 1.05, five-gaited saddle horse; 1.20, saddle horse over 15.2; 1.35, team of three jumpers; 1.50, amateur lady or gentleman; 2.00, working hunter; 2.20, historical class; 2.40, hunter stake; 3.00, ladies' saddle horse; 3.15, touch and out; 3.35, point to point; 4.00, saddle sweepstakes; 4.15, non-winners.

"The Road To Glory" Is Well Portrayed in Films

A dramatic star-shell is promised in "The Road to Glory," Twentieth Century-Fox production coming Thursday and Friday to the Grand Theatre. Featuring the year's most impressive cast, the film is hailed as the strangest, strongest drama of love ever brought to the screen.

Fredric March, Warner Baxter and Lionel Barrymore are starred, with the supporting cast headed by June Lang and Lionel Barrymore.

Fired with the inspired acting of such performers, the film tells a gripping story of love in all its phases, painted on a canvas as great and encompassing as the war itself.

Baxter is seen as the war-weary commander of a valorous regiment. Monique, a lovely French nurse, provides him with his only interest in life.

Fredric March, Baxter's chief aid, unwittingly falls in love with Monique too, unaware that Baxter cares deeply for the girl.

The triangle creates a crisis between the two men, which is increased when Baxter, to his astonishment, discovers that his father, Lionel Barrymore, is a private in the regiment.

What glory does to the hearts of men and love to the hearts of women is revealed as the film moves swiftly, strongly, on to its crowning climax.

TO SERVE TURKEY SUPPER

A turkey supper is to be served at All Saints Church, Torresdale, by the Girls' Friendly Society, of Grace Church, Hulmeville, Saturday evening, November 7th, from five to eight o'clock.

Distributing New Directory For Bell Telephone Co.

The new Bell telephone directory for Bristol and vicinity is now being distributed. It was announced by C. Robert Green, manager for the Bell Telephone Company of Pennsylvania.

Approximately 18,800 copies of the edition are being delivered, representing an increase of 1,000 over the previous issue. The alphabetical section shows 113,400 listings, an increase of 3,860. Listings in the classified section have increased from 4,300 to 4,800.

Space has been provided on the inside of the covers for telephone users to list numbers they frequently call.

Pointing out that the new directory contains thousands of new and changed numbers, Mr. Green urged that telephone users consult it for the correct number before making calls.

The directory contains telephone listings for Ambler, Bethayres, Bristol, Churchville, Harboro, Langhorne, Melrose, Ogontz, Whitemarsh, Willow Grove and Yardley.

YOUNG AMERICANS TO WORK TO ELECT LANDON

East Bristol Township Group To Hold Meeting Tomorrow Night

URGE ALL TO ATTEND

The Young Americans of East Bristol Township comprise a group of young people who are invited by an interest in electing Governor Alfred M. Landon as president of the United States. It is their belief that Governor Landon's election is necessary for the preservation of the fundamental principles of American government.

America is a young country. It has always been envied by its older European neighbors, envied because of its higher standard of living and its greater opportunities.

It is an accepted fact that youth is the time in which to take opportunities. Youth supplies the energy and the initiative which enables young people to make the most of them.

Under the present administration these young Americans see their freedom being strangled. They see the long arm of federal government reaching out over the states and over their individual liberties. Already on their young shoulders they feel the weight of taxes, and over their shoulders they see the shadows of those increasingly heavy taxes which they will have to pay as they grow older.

So, in East Bristol these young Americans have decided to use their energy toward accomplishing the election of Governor Alfred M. Landon. Toward this goal they are sponsoring a meeting open to all the residents of East Bristol Township, on Friday evening, October 23rd, at eight o'clock, in the Republican headquarters, 218 Mill street. There will be refreshments and entertainment. But most important of all, there will be a real desire to do all they can for their country, and all they can do for their country—just now—is to elect Alfred M. Landon president of the United States.

CORNWELLS HEIGHTS

John Davidson, Carlisle; Mrs. Harry Davidson and family, Mrs. John Buckley, and Mr. and Mrs. Ernest Moulson, Philadelphia, were guests of Mr. and Mrs. Frank Peak, Sunday.

Mr. and Mrs. George Rencher, Mayfair, were guests of Mr. and Mrs. Jesse Peters, Saturday.

Mr. and Mrs. H. Peters, Philadelphia, were visitors of Mr. and Mrs. A. Smith, Sunday.

FALLSINGTON

Albert Hartman has been spending several days at Dickinson College, Carlisle, Pa.

Mr. and Mrs. John W. Cooper, Pineville, and their daughter, Mrs. Luzalee Garredo, Mexico City, Mexico, who has been spending some time with them, were guests at the home of Mrs. Cooper's father, John T. Fish, and at the home of her brother-in-law and sister, Mr. and Mrs. Leroy Wildman.

Miss Agnes Satterthwaite, of Friends' Home, Newtown, has been visiting Mrs. Anna R. Satterthwaite for several days. Other guests at the same home were Mr. and Mrs. Leslie Satterthwaite, Bristol.

Mrs. Jennie Burton has been visiting Mr. and Mrs. Danfield, Bristol.

Mr. and Mrs. Charles M. Headley and daughter Eleanor, and Irvin Wright, were Sunday visitors at Avon-by-the-Sea.

Joseph Kish was the winner in the shooting match sponsored by Falls Fish and Game Club.

Mr. and Mrs. Quillen and Alberta Quillen have been visiting relatives in Modena.

Mrs. Joseph Schmidt, New York, has been visiting her daughter, Mrs. Robert Le Cain.

At the meeting of the Falls Township Fire Company, held in the fire house on Monday evening, it was reported that a new fire engine had been purchased.

Miss Helen Dunbracco has been spending a week of her vacation in the mountains.

Mrs. Frank Ulrich, Philadelphia, has been spending several days with Miss Mae Kelly.

The wedding of Miss Dorothy Caroline Brown, daughter of Mr. and Mrs. Augustus Locke Brown, Edgewood avenue, Trenton, and Norman Gary Sayers, son of Mr. and Mrs. Winfield Sayers, Florence, was solemnized Saturday afternoon, at three o'clock, at All Saints Episcopal Memorial Chapel, Fallsington. The ceremony was performed by the Rev. Francis H. Smith, rector of the church. Miss Margaret D. Brown, sister of the bride, served as maid of honor. L. Emile Ridgeway served as best man for Mr. Sayers. Following the ceremony, a reception was held at the home of the bride for the immediate families, after which the couple left for a wedding trip. They will reside in Florence.

Mr. and Mrs. LaGrand Larue and daughter Evelyn, Morrisville, were Friday visitors of Miss Mae Kelly.

REPUBLICAN RALLY TO BE STAGED AT CROYDON

Bristol Township Republicans Expect Huge Turnout Saturday Night

PROMINENT SPEAKERS

Saturday night a monster Landon-Knox rally is to be staged in the Croydon Arena, State Road and Cedar avenue, Croydon, beginning at eight o'clock.

The meeting is to be staged under the auspices of the Bristol Township Republicans and a number of prominent speakers are to be on hand.

A cordial invitation is extended to the public to attend this meeting. A number of Jeffersonian Democrats are expected to be present.

The issues of the campaign are to be discussed by the Hon. Theodore R. Gardner, Republican candidate for Congress from the Bucks-Lehigh District; Hon. Clarence E. Blackburn, member of the Philadelphia City Council from the 33rd Ward; Hon. Thomas B. Stockham and the Hon. Wilson L. Yeakel, both candidates for re-election to the Assembly from Bucks County.

MAJOR BIDDLE SAYS NOW IS THE TIME TO DEFEND OUR COUNTRY

Nothing Could Be Worse Than A Dictator, Warns War Ace

SEN. BUCKMAN SPEAKS

Says Silver Lake Project Is \$300,000 Fishing Pond

Major Charles J. Biddle, World War aviation ace, last evening advised a group of lower Bucks County Republican committeemen and committee-women and a number of young Americans that "if you believe that this country has been a good place in which to live, then it behooves every one of us, every American citizen, to get out now and do something about it."

Major Biddle addressed the group of about 200 Republicans when they met at the local headquarters here last evening. State Senator Clarence J. Buckman also delivered an interesting but pertinent message to the assemblage.

"Nothing could be worse than a dictator, or a country ruled by a dictator, and our country seems to be headed that way," Major Biddle continued.

Lashing the abusive oratory of Governor George Earle, the Major said, "George Earle is a man of great inherited wealth. He does not know what it means to really earn a dollar. In his earlier days he amused himself in sports, and then in 1932 he made a great contribution to the Democratic party. And then a short time later he was governor of Pennsylvania. That gives you an idea of his training."

Major Biddle urged that "we must, if we are proud of our country defend it, and now is the time to do it." This distinguished World War hero appeared here in Bristol 18 years ago, when he had returned from the World War. He has never been a politician and it is said that he has never before taken the stump for a political candidate, but as the Major put it, "things have just gotten so bad that I had to declare myself."

Senator Buckman very clearly put the picture of the present Administration before the audience when he said, "Rome, at one time was the grandest and greatest country on the face of the earth. But when too many of the people began living off the bounties of the government then the great Roman Empire collapsed. And that is exactly what will happen in the United States unless the present Administration is ousted in November."

The Senator pointed to the Silver Lake project here on the edge of the Borough as one of the greatest examples of the New Deal's waste and extravagance here in Pennsylvania. "\$200,000 for a fish pond," was the way the Senator put it.

"And there are hundreds of better ways to spend that money, if it must be spent. Imagine, a third of a million dollars to build a little pond in which to fish. The whole thing, coming as it does at this time, has many greater significant characteristics, however."

Moving pictures were also shown last evening. One film clearly outlined the wasteful expenditures of the New Dealers, and it more clearly showed the inevitable outcome of repudiation or inflation or complete ruin if it isn't stopped. The second film gave a comparison of the standard of living in this country and other countries.

Burgess Clifford L. Anderson opened the session last evening and then turned the meeting over to Joseph R. Grundy, who introduced the speakers of the evening, Charles Roberts, chairman of the Young Republicans in Bucks county also gave a brief address and complimented the wonderful organization attained by the young voters in each district.

Governor Earle to Speak At Keystone Hotel Here

Governor George H. Earle tomorrow will climax his tour of Bucks County by making an address in Bristol from the balcony of the Keystone Hotel.

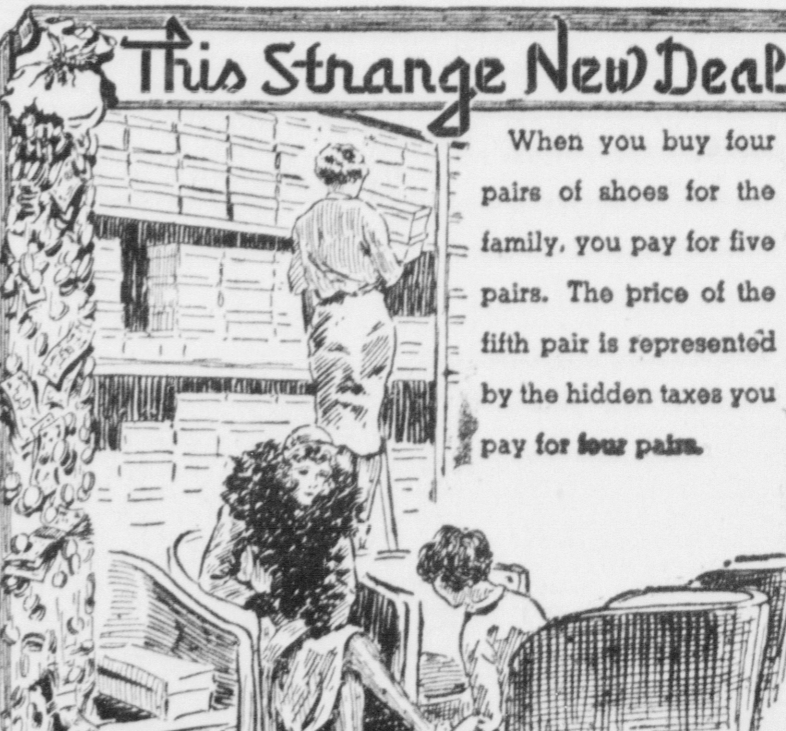

The Governor will first visit Quakertown where he will deliver an address at the Red Lion Hotel. Then a stop will be made at Sellersville-Parkside, Doylestown, and Bowman's Hill.

Following the address at Bowman's Hill, Governor Earle will speak at Bristol, being scheduled here at 3.45.

Bucks County Rescue Squad Plans Week-End Affairs

CROYDON, Oct. 22.—Saturday and Sunday next will be observed as Bucks County Rescue Squad Days. On Saturday evening the squad will conduct its annual party in St. Thomas Aquinas auditorium at eight o'clock. Prominent speakers, a supper and entertainment will feature.

On Sunday residents of Bucks County are invited to visit the Croydon first aid station, which will be open for inspection between the hours of two and five.

This Strange New Deal

When you buy four pairs of shoes for the family, you pay for five pairs. The price of the fifth pair is represented by the hidden taxes you pay for four pairs.

In 1932 each family's share of hidden taxes was \$25.35. In 1935 it was \$69.98 for every family in the United States.

Landon will cut federal taxes and deficits if he is elected President.

THE DAILY MIRACLE

Time is the most valuable of all human possessions. It outranks Love, for love is not permanent. It outbids after friends are gone and wealth has vanished. Time is priceless because it is changeless. Of all other things one must say: This, too, shall pass away. Time is the only thing that never ceases to be. The most precious thing in life is the 24 hours which are allotted to mankind each day. Time is the changeless possession. And the more time one has the wealthier one is. And in this, Youth is the wealthiest of all.

Time is the equal possession of mankind. Without time nothing is possible. With it, all things are. Rich man, poor man, beggar man and thief, all are equally blessed by the daily miracle.

Said Emerson, "Give me health, and a day, and I will make the pomp of emperors ridiculous." Said Franklin, "If thou wouldst lay hold on life, save time, for time is the stuff that life is made of."

Arnold Bennett, in his brochure, "How to Live on 24 Hours Per Day," says: "You wake up in the morning and your purse is magically filled with 24 hours of the manufactured tissue of the universe of your life. Waste your infinitely precious commodity as much as you will, and the supply will never be withheld from you. You cannot draw on the future. It is impossible to get into debt. You can only waste the passing moment."

What a singularly inept race we are to have invented the phrase, "killing time!" After all, that is the real race suicide problem in a nutshell.

MOST PREVALENT AILMENT

There is no greater service medical science can do mankind than by discovering the germ or whatever it is that causes that most common of human ailments, the cold, yet the doctors know less about the common cold than about any other of man's ills with the possible exception of cancer.

Almost everybody has at least one cold a year with consequent discomfort and loss of work. The economic loss from colds is enormous, it is estimated that more than half of all the time lost through sickness by employees is due to bad colds.

Greater impatience with the progress of science has not been shown than that to which the cold-sufferer gives vent between blows and sneezes. The victim of the cold germ cannot understand why science has failed to exterminate this pestilence or to give man an effective weapon against it.

No intelligent dictator would put all the country's manhood under arms. He would need a civilian or two to stir up things in behalf of the Liberty Loan.

POCKETBOOK FACTS

ABOUT YOUR TAXES

Extra Burdens On All

Criteria of a well-designed tax system are adequacy, simplicity and fairness.

During the Roosevelt administration, the tax system is far from adequate in providing sufficient revenues to cover all Federal expenditures. It would be adequate, however, if extravagance and waste were eliminated.

Latest revisions of revenue laws have made them more complex instead of more simple. The new tax on undistributed profits is perplexing management. The tax lawyers have been given a new lease on life.

New Deal laws are unfair in that they single out for extra burdens large corporations and wealthy individuals, while discriminating against the "small fellows."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are nature's chief way of taking the excess acids and waste out of the blood. Most people pass about 3 pints a day or about 5 pounds of waste.

Frequent or really passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, and you'll be free from backaches in 40 days. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. (Advertisement)

Favorite Food For War Machine Is Oil

Continued from Page One

has as many cogs within the civilian population as in the army.

The disciplined forces extend to the docks, the factories, the laboratories, to the banks. Even the newspapers, the pulpit, the radio, the screen—media for bulwarking the spiritual support of the warring nation—are classified as part of the totalitarian military machine.

Entire nations will fight entire nations in the next war. The totalitarian war machine calls for an active professional army—the shock force. The trained reserve comprises the remainder of the nation—some to bear arms, some to take their places as skilled technicians or unskilled military workers.

In the next war, the economic, industrial and military forces must be disciplined immediately into a steady, red-hot tempo. Russia, Germany and Italy, the major totalitarian nations, may have a temporary or vital advantage, as they are already under strong political discipline.

A number of European nations are now in a state of semi-mobilization for war. For them, there need be no extended mobilization period in case of conflict. The next war will start in first gear.

Totalitarian warfare suggests no formal diplomatic announcement of mobilization—until after it has been done. The actual declaration of war is apt to be simultaneous with a quick, surprise aerial thrust at vital industrial centers, accompanied by a rapid offensive conducted by land and naval forces.

A decisive air battle is foreseen by many modern military leaders within 24 to 48 hours of the outbreak of hostilities.

The economic lesson of the last war may point towards such aerial tactics. Certain European nations may decide they cannot last financially or continue to feed its armies and population through a long war.

Even Britain, who in the World War was willing to tread water until it had gathered its imperial forces, may also feel the danger of starvation through an aerial or naval blockade if it does not triumph quickly.

Inasmuch as the next war will include entire nations it will be most difficult to differentiate between combatants and non-combatants.

International rules regarding bombing raids on cities are likely to go overboard sooner or later in the conflict.

This 1936 war machine is geared to wipe out cities, nations and civilization. Will intelligent diplomacy and a disarmament agreement withhold it from the brink?

Or will the piling up of arms ultimately reach the breaking point and international suicide?

(The next article of this series will deal with the armed strength of the European war machine.)

Truck Driver Held For Action of Grand Jury

Continued from Page One

Corporal Evans gave much detailed testimony in which he described the position of the trucks, the character of the roadway, statement made by Burrell, location of street lights and other data.

Corporal Evans stated that Burrell told him that the Shein truck was parked on the improved portion of the roadway, without lights or flares.

Dr. Lawler told the jury of being called to the scene of the accident and described the cause of death of the victims.

Burrell took the stand and in a tone hardly audible, said he would be 25 years of age in January. He had been driving 10 years and at the time of the accident was driving between 25 and 30 miles per hour. He stated that the parked truck was all on the improved portion of the highway without lights or flares. "I swerved to the left in an effort to avoid the impact," he testified. He told the jury that he was thrown out of his own truck and that his truck had gone about three feet beyond the point where he landed, when it turned over. Burrell described how he walked around the two wrecked vehicles and saw the two men who had been killed. He then placed flares with the aid of a driver of a vehicle which had stopped. He went to a house and was informed by the man that he had summoned the officers.

NATAL ANNIVERSARY OF MRS. K. BEWLEY IS CELEBRATED HERE

Mrs. Katharine Bewley was the guest of honor at a surprise party, last evening at the home of Mr. and Mrs. Walter Woolman, 521 Locust street. The affair was in honor of her birthday anniversary. Mrs. Bewley and grandson Jack Murphy were invited to the Woolman home for dinner and in the evening, other relatives and friends gathered.

Paul Crammer, Trenton, N. J., entertained with card tricks. Group singing was enjoyed, and refreshments served. Mrs. Bewley was presented with many gifts.

Those attending: Mr. and Mrs. Paul Crammer and daughter Virginia; Miss Clara Fritz and Paul Leary, Trenton, N. J.; Mr. and Mrs. Howard David, Mrs. John Murphy, Mrs. Daniel Curran, Mrs. Gertrude Murphy and son Jack, William Rasmussen, Harry Woolman, Verna and Arlene Woolman, Bristol; Peter Krings, Eddington.

KITCHEN PROVIDES MANY HAZARDS TO HOUSEWIFE'S HEALTH

By Rhandena A. Armstrong (Home Economics Representative)

The kitchen has the reputation of being the most dangerous room in the house. Falls, burns, cuts, scratches and various other kinds of accidents may occur more often in the kitchen than in any other room in the house. This is true because so much of the homemaker's time is spent in the kitchen.

If small children play about the kitchen while mother is busy there with her work, handles of pans may be turned away from the edge of the stove so the little hands cannot easily reach them. Where gas is used the ranges should be equipped with gas cocks which cannot easily be turned on by the small child. Tabs and pails of hot water should not be left on the floor.

When buying kitchen equipment think of safety. Pans and kettles well balanced and having firm handles prevent spilling the contents. Nicked glassware, sharp edges on cans, poor cutlery cause cuts and scratches. Careless use of matches such as placing them in drawers or boxes on shelves where mice might find them

Bronchial Coughs

Get Rid of Them This Quick Easy Way

Get a small bottle of BUCKLEY'S MIXTURE (triple acting) at any good drug store—take 2 or 3 doses before you go to bed tonight—then, if that tough old persistent cough isn't relieved—if you do not sleep like a top all night long—get your money back—it acts like a flash—often one sip checks an ordinary cough. Advertisement.

It's our family's whiskey, neighbor—and neighbor, it's your price!

A picture of us on Grandpa's birthday in the front hall. That's me pointing to the picture of Harry Wilken the first. He was my father's father and a grand distiller. And so was Pop. That's my brother William to the right and Tom to the left. Harry E. Wilken

Our personal recipe—

and we're an old Pennsylvania distilling family—

Like as not when you taste our Family's whiskey, you'll say it's got more tastiness than any other whiskey you ever sampled. Maybe you'd like to know why that is. Well, for one thing—we've been making whiskey since goodness knows when. Harry Wilken the first—our Pop's father—made it. And Pop picked it up where he left off. And now we're making it. It's our own Family's recipe!

If small children play about the kitchen while mother is busy there with her work, handles of pans may be turned away from the edge of the stove so the little hands cannot easily reach them. Where gas is used the ranges should be equipped with gas cocks which cannot easily be turned on by the small child. Tabs and pails of hot water should not be left on the floor.

When buying kitchen equipment think of safety. Pans and kettles well balanced and having firm handles prevent spilling the contents. Nicked glassware, sharp edges on cans, poor cutlery cause cuts and scratches. Careless use of matches such as placing them in drawers or boxes on shelves where mice might find them

KITCHEN PROVIDES MANY HAZARDS TO HOUSEWIFE'S HEALTH

By Rhandena A. Armstrong (Home Economics Representative)

The kitchen has the reputation of being the most dangerous room in the house. Falls, burns, cuts, scratches and various other kinds of accidents may occur more often in the kitchen than in any other room in the house. This is true because so much of the homemaker's time is spent in the kitchen.

HEALTH INVENTORY ANSWERS QUESTIONS OF VITAL INTEREST

By Rhandena A. Armstrong (Home Economics Representative)

Health! What a priceless gift! Yet, how many homemakers overestimate their vitality and strength during these fall days.

Good food habits and good hygienic habits will do a great deal to insure endurance, and freedom from undue fatigue, colds and headaches.

All homemakers are urged to take the following health test. If you can answer 'yes' to most of these questions, you and your families are well on the way toward abundant health.

Are you having each day—
A quart of milk for each child?
A pint of milk for each adult?
A serving of tomato or orange, and at least one other serving of fruit?
One serving of potatoes,
Two servings of other vegetables,

one raw (greens twice a week)?
A dark bread or cereal?
At least one serving of meat, eggs, fish, cheese, or dried legumes?
Two tablespoons of butter?
Some cod or halibut liver oil?
Eight glasses of water?
Are you guarding against—
Cold scanty breakfasts?
Cold lunches for your children?
Irregular meal hours?

Careless posture?
Constipation?
Poorly planned and prepared meals?
Tooth decay?
Eye strain?
Insufficient sleep?
Too strenuous exercise?
Emotional upsets? Worry?
Too rapid eating?
Infections and cold?

HEALTH INVENTORY ANSWERS QUESTIONS OF VITAL INTEREST

CASTOR PUTS MOSS TO SLEEP IN SECOND ROUND

Chester Castor, Bristol's walloping walyo, knocked out Carl Moss, a dusky huskie, in the second round of an all-star amateur boxing show sponsored by the Daggett Athletic Club at the Croydon Arena last night before a packed house.

Castor, the best gloveman that Bristol has produced since the start of amateur contests hereabouts, went right after his opponent from the bell, using both left and right hands to good advantage, sending the colored lad back on his heels with the force of his blows. It was no time at all before Moss was ready for the cleaners. Early in the second round, Castor landed a hard right to Carl's solar-plexus that put the finish to the Philadelphia.

Charles Lang, stocky Holland A. C. scrapper, scored about the most sensational knock-out victory seen at the Arena. His opponent, Robert Jackson, a 147-lb colored boy from the Arena Club, was doing all the punching during the early seconds of the first round, when suddenly Lang swung his right in a short arc, smack on the Jackson button. The force of the blow lifted the colored boy clear off the floor and landed him on his face for a knock-out. "Hokey" Leighton, Croydon's favorite son, was knocked out in the third round by Frank Sturgis, of the East Side Club. Leighton, who didn't fight his usual aggressive battle, was a soft touch for Sturgis, who kept a fist in Willie's tummy all the time, and had no difficulty in landing the knock-out wallop.

Arthur Whalen, 135 lbs, from the East Side, defeated Edward Clayton, a Holland A. C. boy, in the three first rounds, as did Robert Adams of the Arena Club in the same class, copping the decision from Francis McClay of Kensington in three hard sessions.

Benny Belinsky, Daggett 147-pounder, got the judges' decision in a four-round fight against James Maxwell, a rangy colored youth from the East Side. Maxwell used every foul trick known to pugilism in his efforts to beat the white lad, heeling and hitting when they broke from the clinches. Maxwell had the crowd down on him for his foul tactics and they cheered wildly when the verdict was given to Belinsky.

Jimmy Lefferts, 126-lb Daggett entry, won on a foul from Herbert White, a smart little scrapper from the East Side Club. White, who was on his way to a knock-out victory, accidentally let a blow land below the belt that put Lefferts down withering in pain. On examination from the club doctor, it was found that Lefferts had been fouled rather badly, and automatically secured the decision.

Frank Lamont, East Side's heavy hitting lightweight, defeated Jack Watson of the Arena in three thrilling rounds. These two started in at the opening bell and slammed each other all over the place in the first round, with Lamont even at the bell. In the second, Lamont got his right working more effectively and floored Watson with a right to the jaw for nine count. Later in the round he connected again with the same fist and sprawled the Arena boy on the canvas for a count of five, easily winning the round. The third round was of the sensational order, with Watson coming back strong to carry the fight to his opponent, who had just enough sting in his blows to carry the final round to clinch the judges' decision.

Albert Pancelli, Daggett's willing little scrapper, was called on to battle Bob Winters, a rangy colored lad, with lots of tournament experience, in the semi-windup. Winters, a finished boxer, knew entirely too much for Pancelli, tying the Daggett lad up so completely in the infighting that Pancelli's blows did little damage. On the other hand, Winters stung Pancelli with a long left that won him the fight.

Billy Crawford, Daggett, defeated Squire Williams, a colored boy from the Wharton Center, in the final bout of the evening. Williams' style of fighting spoiled Crawford's efforts to make a real fight of the affair, and as a consequence the bout developed into an uninteresting exhibition.

RECREATION ELEVEN TO REORGANIZE GRID TEAM

The Bristol Recreation Center football team, champions of Bucks County last year, will hold a meeting and practice session tonight at the Recreation Center at eight o'clock. All members of the team with the addition of Conn. Kutzer, Sorenson, Forrester, Kervick and Irwin of the Eddington Trojans are requested to be on hand.

The "Rees" are alternating with St. Ann's in the use of Landreth field. So on Sunday while St. Ann's travel to Doylestown the Rees will be at home, meeting the Frankford Giants, the all-colored team that put up a wonderful game here last year, the locals just barely winning, 7-0.

It is the intention of the Rees to play the same calibre teams as last year, such as Chestnut Hill, Mt. Holly, Glenside, St. Ann's and Andalusia, in the hope of keeping the coveted championship.

MARK GRANITE

Announces His Rooster Crowing Contest

To Be Held at 5 O'clock in the Morning
THURSDAY, OCTOBER 29, 1936

AT NEWTOWN, BUCKS COUNTY, PENNA.

To the Editor of the Bristol Courier:

As the editor is usually the knowingest man in his community, I am asking you the following question and would be glad if you would pass it on to your readers so I can get their help, too. The question is this:

HOW WOULD YOU CONDUCT A ROOSTER-CROWING CONTEST?

You see, it's this way: In one of my Granitegrams sizing up Franklin Roosevelt, I happened to mention a rooster of mine, in these words: "You remember Rostand's rooster who claimed he made the sun rise. I have a rooster who goes further than that: He not only crows when the sun rises, the loudest of any rooster in Bucks County, but he even crows every time a hen lays an egg. I call him 'Roosevelt'. My hens are like the American people: When they try to get down to business, the rooster just struts around and pesters them. But if, in spite of him, they manage to lay a few eggs, he crows to beat the band."

Now this rooster Roosevelt of mine has become strangely lost, strayed or stolen. I don't accuse the New Dealers, but I wouldn't put it past them. Anyway, I was kind of attached to that old rooster. He was a big bluff, of course, but he had an ingratiating personality. You'd have to laugh at the way he'd cock an eye at an egg and crow like all get out. Well—he's gone—and I want another to take his place.

I must confess I done that rooster wrong to call him Roosevelt—you see, he was only the loudest crower in Bucks County, instead of the whole country. So this time I'm going to take in a lot more territory—I want the Crowingest Rooster in the United States. I'll pay one hundred dollars for him—and that brings me to the rooster-crowing contest:

I want everybody in the United States that owns a rooster with a real crow to put him in a coop and ship him to me (charges prepaid, please) and I'll put him in front of a store or a house on our main street, along with the ten thousand other roosters I'm expecting, and at five o'clock in the morning of Thursday, October 29th, I'll have five leading Republicans, senators, governors and that sort of thing, here to judge them. (Don't worry, we Republicans are wide awake and up and coming this year: it'll be no trick at all to have 'em on hand that early. Besides, who could sleep with ten thousand roosters a-crow.) And when they've picked out the crowingest rooster (be sure a tag with your name and full address printed on it is tied stout to the coop)—when they've picked out the crowingest rooster, they'll adjourn to the porch of my store here in Newtown and then and there the band will play Hail to the Chief or Crowing Days Are Here Again or something appropriate, and we'll crown him—or whatever you do—the Crowingest Rooster in these United States, and I'll hand a hundred dollars to his owner, or wire it to the owner if he isn't on hand.

And that isn't all. You see, I've sent for some water from the Passamaquoddy Dam (I sent for some from the Florida Ship Canal, too, but they sent back word they couldn't find a drop of water in it—only mud), and at nine o'clock that same Thursday morning, in the presence of the other 9,999 roosters and twenty or thirty thousand humans (it ought to be a good morning at the store) we're going to christen that rooster Franklin Deficit Roosevelt.

All of which brings me back to my question: How do you run a rooster-crowing contest? You see, this is the first one I ever run. How would you suggest measuring the crow of each rooster? And if some refuse to crow (maybe looking ahead to November 3rd), what would you do about it in fairness to their expectant owner, prayerfully waiting, maybe thousands of miles away, to get my wire with that hundred dollars attached? And how will the judges listen to and compare crows of roosters stretched for a mile or more down State Street here? Will we have to have three or four heats like we do in a horse race, or what? And what'll I do with the other 9,999 roosters that didn't win?—(for I'm giving fair warning to each and every contestant that enters a rooster, I ain't a going to return his bird—not unless he comes and gets him in person that same day. Otherwise, he becomes automatically, etc., my property). Shall I keep 'em to feed the Democrats on? Pickin's will be mighty lean for them after election, I hope and expect.

Well, you can see I got some real problems on my hands, and I'd like you, Mr. Editor, and all your readers, to pitch in and help me solve these and similar problems that come to mind as I write. There's probably more I haven't thought of. I'm asking the editors and readers of ten thousand papers for help—and roosters—so I kind of expect considerable of both. The letters offering suggestions ought to come soon as possible—and the roosters on or before 6 P. M. Wednesday, October 28th. Come one, come all, roosters and humans. The Ladies' Aid will feed the roosters, and the Temperance House, White Hall Tavern and the Brick Hotel will feed the humans—though I must admit that when we brought ten thousand people to town last Saturday evening to see the way we've fixed up our store, there was a lot that had to wait awhile to feed, and some even had to buy crackers and cheese and other plain and fancy groceries here at the store (Ask for Mark Granite's Gen'l Store, in case you forget the name. Adv.)

Well, I guess that's all, excepting I've hired the Newtown Band to play after the roosters get through with their crowing, and one or two of the judges might consent to doff their judicial robes after the crucial moment, and make a speech from the porch of the store. All in all, it looks as if it might be quite a morning, what with reporters from a hundred papers a-scribbling and cameras a-clicking and news-reels a-reeling and sound-things recording the crows, and the three Democrats of Bucks County trying to look unconcerned and not to notice, and so on. Better come!

MARK GRANITE

P. S.—It stands to reason Bucks County roosters, being numerous and near at hand, have a good chance to win the prize. Don't forget to enter yours.

M. G.

2nd P. S.—Maybe you'd like to read the whole of that "rooster" Granitegram of mine, to sort of refresh your memory. Here it is:

ROOSEVELT CROWS:
"I MAKE THE SUN RISE!"

You remember Rostand's rooster who claimed he made the sun rise. I have a rooster who goes further than that: He not only crows when the sun rises, the loudest of any rooster in Bucks County, but he even crows every time a hen lays an egg. I call him "Roosevelt." My hens are like the American people. When they try to get down to business, the rooster just struts around and pesters them. But if, in spite of him, they manage to lay a few eggs, he crows to beat the band.

Let's examine this claim of Roosevelt that he has made us prosperous. By the way, how prosperous are you? How prosperous are the ten or twelve millions out of a job? How prosperous are the twenty millions on relief? How prosperous are the millions living on their relatives? How prosperous are all the rest of us who have to carry this staggering relief load, plus taxes on everything we have and everything we earn and everything we buy, plus twelve thousand million dollars of New Deal debts—Franklin Roosevelt's little gift of prosperity to all of us?

How prosperous are even those farmers and manufacturers and shop-keepers who are taking in some of the money that Roosevelt is shoveling out? Where does this government money come from? Whose money is it? Why, it's yours and mine and the money of these very farmers and manufacturers and shop-keepers. Most of it is borrowed money, money Roosevelt has run us into debt for.

And you and I and these same farmers and manufacturers and shop-keepers and all their hired hands and workers will have to pay for this "easy money" in toil and taxes and high prices, in sweat and blood and suffering. We're mortgaging our home and blowing in the money, and Roosevelt calls that prosperity.

One thing more: When Roosevelt tells us how well Henry Ford and others are doing, and claims all the credit for it, we are entitled to say to him:

"We didn't hire you to run Henry Ford's business or any other private concern. But how about the business we hired you to run? How economically and efficiently have you run it? How many millions or billions have you piled up on the right side of the ledger? How prosperous is the United States Government—the business you are running and are responsible for?"

MARK GRANITE

3rd P. S.—I've got out a booklet containing all the Granitegrams I've written in this campaign, a dozen or fifteen of them. It's called "Mark Granite Sizes Up Franklin Roosevelt" and it sells for a dime. Better send for some right off, and get your friends to, and distribute them where they'll do the most good. They've converted a lot of Democrats already, if I do say it.

MARK GRANITE
